SUBJECT: David Rodecker, ChE 485 Waiver

Based on the memo of October 8, 1996, attached, David Rodecker completed the final exam for ChE 485 at the same time and same schedule as the rest of the class. Since David had been working at SSI part-time he was able to complete the exam with a passing grade and therefore, in my opinion, it would not be necessary for him to take ChE 485 in the Fall of 1997, a procedure which would require postponement of his graduation.
